

**Health and Aging Policy Fellows  
Communications Workshop  
February 25, 2015**

---

**Go Together, Go Far:  
Managing, Facilitating Diverse Stakeholders**

What is your policy objective?

Who needs to be in your stakeholder group?

- What expertise do you need?
- What connections/influence do you need?
- What resources/funding do you need?

From this group, who do you know? Who don't you know?

How might you connect with folks/organizations you don't know?

How will you invite the group/new individuals to join your effort?

How/where will you run the first meeting?

- Phone or in person?
- Who will staff the call (i.e., send out the agenda, take notes, send out minutes, schedule next call)?
